

Mission

To empower local cancer patients and families to focus on treatment and healing by providing immediate and practical financial support while advocating and fundraising for research, education, and cancer prevention.

Greetings from The Light of Hope Cancer Foundation!

In 2022, the Light of Hope Cancer Foundation was formed to continue the fight against cancer and support our community. All donations raised stay local to help our friends and neighbors.

Our mission is to empower local cancer patients and families to focus on treatment and healing by providing immediate and practical financial support while advocating and fundraising for research, education, and cancer prevention. Support may be provided through gas cards for travel to medical appointments, assistance with a mortgage payment, groceries, utilities, or simply some support for everyday expenses.

As an important part of our community, we are asking you to join us in our mission by becoming a Light of Hope sponsor. Your sponsorship will help Light of Hope provide much needed financial support and allow your business to connect with community members in a meaningful way. There are many benefits, including brand recognition at our fundraising events, on social media, and our website. But the greatest benefit is the contribution to these individuals in need.

We host fundraising events through out the year and your sponsorship guarantees brand recognition at each event. A few of the larger ones include: Bubbles, Bottles & Brew; LOH Celebration/Luminary Walk and Crush Cancer Shopping Event.

Enclosed you will find information about sponsorship opportunities for the Light of Hope Cancer Foundation of Rice County. To learn more about Light of Hope visit our website at www.lightofhopemn.org or reach out to a foundation board member.

Thank you for your consideration, we hope you will join us as a sponsor in 2024!

Light of Hope Cancer Foundation Board members:

Amy Selly
